Ancient Memories, Modern Identities Filippo Salvatore, 1999 Ancient Memories, Modern Identities stands for pagan, peasant memories in a postmodern, urban North America. Second- and third-generation authors, young by adoption but old in their vision, express the phenomenon of migration as both a physical displacement and indelible memory.

Eh, Paesan! Nicholas De Maria Harney, 1998-01-01 Today's Italian-Canadians face different images than previous generations. An exploration of the reproduction of cultural heritage in a global economy of rapid international communication.

Bibliography of Eighteenth Century Art and Illustrated Books J. Lewine, 1898

History of the Huguenot Emigration to America Charles W. Baird, 2014 This extensively-researched two-volume series offers a detailed account of the coming of the persecuted Protestants of France to the New World, and their establishment, particularly in the seaboard provinces [New England] now comprehended within the United States....The volumes now submitted to the public treat first of these antecedent movements, and then take up the narrative of the events that led to the more considerable and more effective emigration, in the latter years of the seventeenth century. This very readable narrative history is rich with details about persons, places and events. Much of the information preserved on these pages was gleaned from unpublished documents found in the United States, France and England: Manuscripts in the possession of the descendants of refugees; memorials, petitions, wills, and other papers on file in public offices; as well as numerous church records and other original documents. Volume I includes: Attempted Settlements in Brazil and Florida, Under the Edict: Acadia and Canada, New Netherland, The Antilles, Approach of the Revocation, and The Revocation: Flight from La Rochelle and Aunis. Illustrations, maps, and an appendix enhance the text. An index to full-names, places and subjects for both volumes is contained in Volume II.

World Editors Gustavo Guerrero, Benjamin Loy, Gesine Müller, 2020-12-16 The existence of World Literature depends on specific processes, institutions, and actors involved in the global circulation of literary works. The contributions of this volume aim to pay attention to these multiple material dimensions of Latin American 20th and 21st century literatures. From perspectives informed by materialism, sociology, book studies, and digital humanities, the articles of this volume analyze the role of publishing houses, politics of translation, mediators and gatekeepers, allowing insights into the processes that enable books to cross borders and to be transformed into globally circulating commodities. The book focusses both on material (re)sources of literary archives, key actors in literary and cultural markets, prizes and book fairs, as well as on recent dimension of the digital age. Statements of some of the leading representatives of the global publishing world complement these analyses of the operations of selection and aggregation of value to literary texts.

Wildwood Wisdom Ellsworth Jaeger, 1999-12 Offers practical advice on outdoor clothing, packs, sleeping bags, shelters, fire making, use of the ax, outdoor sanitation, camp cookery, edible plants, canoeing and trailcraft.

Musical Encounters at the 1889 Paris World's Fair Annegret Fauser, Cary C Boshamer Distinguished Professor & Adjunct Professor of Women's and Gender Studies Annegret Fauser, 2005 The 1889 Exposition universelle in Paris is famous as a turning point in the history of French music, and modern music generally. This book explores the ways in which music was used, exhibited, listened to, and written about during the Exposition universelle. It also reveals the sociopolitical uses of music in France during the 19th century.

Composing the Citizen Jann Pasler, 2009 Jann Pasler's remarkable *Composing the Citizen* reaches well beyond what any book concerned with music in society has ever attempted. Concentrating on France of the Third Republic, from the 1870s through the early 1900s, she demonstrates convincingly how music--whether new, old, popular, or élite, whether performed at institutions of state (such as the Opéra), the Folies Bergère, concert halls, or the zoo--helped to redefine what it meant to be French under evolving political circumstances. Equally adept in the languages of history, sociology, political science, reception history, and music analysis, Pasler establishes music's cultural significance and implicitly illuminates the role it can still play in countries like the United States.--Philip Gossett, The University of Chicago and University of Rome, La

Sapienza Composing the Citizen offers nothing less than a new paradigm for the study of musical cultures. Rather than forcing French music into the moulds developed for the Austro-German canon, Pasler simply studies the social uses of music in fin-de-siècle France. Her painstaking archival research allows her to present an astonishingly detailed account of musical practices, tastes, and activities; new names and genres come to the fore to engage in a variety of dynamic artistic scenes most of us never knew--or only thought we did by virtue of having read Proust. A masterwork of a scholar at the very peak of her career.--Susan McClary, MacArthur Fellow 1995 and author of *Georges Bizet: Carmen and Modal Subjectivities: Self-Fashioning in the Italian Madrigal* *Utilité publique: a common-sense republican notion of sweeping consequence*. In this greatly anticipated volume Jann Pasler uses it as touchstone, showing how and why musical life so mattered in Third-Republic France: layer after layer of it, in a journey that takes us past the Opéra and Conservatoire to the pops concerts, department stores, the zoo, the world's fairs, the overseas colonies. Companionable as a well-worn Baedeker, seductive as Roger Shattuck's *The Banquet Years*, this exquisitely styled and paced achievement is also a compelling read.--D. Kern Holoman, author of *Berlioz and The Société des Concerts du Conservatoire, 1828-1967*

Satie the Bohemian Steven Moore Whiting, 1999-02-18 Erik Satie (1866-1925) came of age in the bohemian subculture of Montmartre, with its artists' cabarets and cafés-concerts. Yet apologists have all too often downplayed this background as potentially harmful to the reputation of a composer whom they regarded as the progenitor of modern French music. Whiting argues, on the contrary, that Satie's two decades in and around Montmartre decisively shaped his aesthetic priorities and compositional strategies. He gives the fullest account to date of Satie's professional activities as a popular musician, and of how he transferred the parodic techniques and musical idioms of cabaret entertainment to works for concert hall. From the esoteric *Gymnopédies* to the bizarre suites of the 1910s and avant-garde ballets of the 1920s (not to mention music

journalism and playwriting), Satie's output may be daunting in its sheer diversity and heterodoxy; but his radical transvaluation of received artistic values makes far better sense once placed in the fascinating context of bohemian Montmartre.

French Opera at the Fin de Siècle Steven Huebner,2006-02-02 This is the first book-length study of the rich operatic repertory written and performed in France during the last two decades of the nineteenth century. Steven Huebner gives an accessible and colorful account of such operatic favorites as Manon and Werther by Massenet, Louise by Charpentier, and lesser-known gems such as Chabrier's *Le Roi malgré lui* and Chausson's *Le Roi Arthus*.

A Cultural History of Wallonia Bruno Demoulin,2012 Instigated by Bruno Demoulin, the book 'A cultural history of Wallonia' explores the subject of the Walloon cultural identity. It discusses the numerous forms the Walloon consciousness takes on an artistic, musical and other levels and will be of interest to both the expert in the field and the interested layman. The richly illustrated book provides the reader with a complete historical and themed survey of culture in Wallonia. In the first historical part, Wallonia's history is explored in depth by specialized historians and art historians who cover the great periods from prehistory to the present day. The second part takes a themed approach to Walloon culture and consists of fascinating essays about language, literature, publications, music, the performing arts, plastic arts, photography and many other aspects which illustrate the diversity of this regions cultural heritage.

Writing through Music Jann Pasler,2007-12-12 Drawing on a passion for music, a remarkably diverse interdisciplinary toolbox, and a gift for accessible language that speaks equally to scholars and the general public, Jann Pasler invites us to read as she writes through music, unveiling the forces that affect our sonic encounters. In an extraordinary collection of historical and critical essays, some appearing for the first time in English, Pasler deconstructs the social, moral, and political preoccupations lurking behind aesthetic taste. Arguing that learning from musical experience is vital to our understanding of past, present, and future, Pasler's work trenchantly reasserts the role of music as a crucial contributor to important public debates about who we can be as individuals, communities, and nations. The author's wide-ranging and perceptive approaches to musical biography and history challenge us to rethink our assumptions about important cultural and philosophical issues including national identity and postmodern musical hybridity, material culture, the economics of power, and the relationship between classical and popular music. Her work uncovers the self-fashioning of modernists such as Vincent d'Indy, Augusta Holm?s, Jean Cocteau, and John Cage, and addresses categories such as race, gender, and class in the early 20th century in ways that resonate with experiences today. She also explores how music uses time and constructs narrative. Pasler's innovative and influential methodological approaches, such as her notion of question-spaces, open up the complex cultural and political networks in which music participates. This provides us with the reasons and tools to engage with music in fresh and exciting ways. In these thoughtful essays, music--whether beautiful or cacophonous, reassuring or seemingly

incomprehensible--comes alive as a bearer of ideas and practices that offers deep insights into how we negotiate the world. Jann Pasler's *Writing through Music* brilliantly demonstrates how music can be a critical lens to focus the contemporary critical, cultural, historical, and social issues of our time.

The Savage Mind (La Pensée Sauvage) 1 Claude Lévi-Strauss,1966

The Birth of the Ballets-Russes Peter Lieven,2010-08 Every so often there occurs a revolution in one or more of the arts that proves to be not only an exciting occurrence at the time but also makes a lasting contribution to the future of art in general. The Italian Renaissance and the rise of Romanticism are prime examples of this; for ballet the birth of Ballets Russes was also such a time. Never before have so many talented people seemed to get together in one place to produce such a monumental achievement in the history of ballet. This book, which chronicles the birth of Ballets Russes, abounds with the names of Nijinsky, Stravinsky, Karsavina, Bakst, Diaghilev, Pavlova, Benois, and many others immortal for their contribution to this movement. Prince Peter Lieven, who knew these people at first hand and witnessed many of the events he relates, instills in the reader the excitement and fervor that all those involved must have felt in conceiving and creating this new and dramatic school of dance. It began in 1909 when a rather humble Russian ballet company travelled to Paris under the direction of Serge Diaghileff. Their performances of *Les Sylphides*, *Cleopatre*, and *Le Pavillon d'Armide* marked radical departures from the old Imperial Ballet, and soon they were the rage of Paris. Each following season brought the company increased success with such performances as Stravinsky's *Firebird*, *Petrushka*, and in 1913 the revolutionary *Rite of Spring* with the now famous Nijinsky, who seemed to defy the law of gravity when he leaped into the air. Prince Lieven shows how Ballets Russes rose from the Imperial Ballet and chronicles its demise after 1914. Short biographies of major personalities as well as accounts of various historic performances are included. Everyone from the ardent follower of ballet to those with only a casual interest in the art will find this book thoroughly engrossing. Prince Lieven takes the reader behind the scenes to become part of the scandals, the quarrels, the reconciliations, and the exciting successes that were part of this movement that changed the entire course of ballet history.
