Historia de Córdoba Enrique Aguilar Gavilán,1995 Sin otro compromiso que el rigor no reñido con la claridad y la síntesis expositiva, el lector podrá encontrar en esta obra una panorámica general de la historia de Córdoba, una ciudad milenaria que en los múltiples vestigios de su pasado descubre testimonios elocuentes de sus momentos de grandeza.

Córdoba Manuel Fernández,Manuel Fernández Pérez,Antonio Gala,1997

Andalucía Andrew Edwards,Suzanne Edwards,2016-09-23 Andalucía is the quintessence of Spain and yet, historically and culturally, it is surprisingly unlike the rest of the country. Its literary history began to develop with the Romans and reached an early flowering when Arabic poets drew on centuries of literary tradition, together with the landscapes and passions of Moorish Spain. Later, Prosper Mérimée, Byron and Washington Irving forged legends of exotic southern Spain that persist to this day and Spanish writers themselves captured the rich tapestry of Andalusian culture, from Cervantes' Seville to the Córdoba of Baroque poet Luis de Góngora and Lorca's 'hidden Andalusia'. With the advent of the Civil War, a new generation flocked to Andalusia and were inspired to write some of the twentieth century's most iconic works of literature, from Hemingway's For Whom the Bell Tolls to Gerald Brenan's The Spanish Labyrinth and Laurie Lee's trilogy of books. As vibrant and compelling as the region itself, Andalusia: A Literary Guide for Travellers illuminates the very soul of Spain.

Spanish Visions Robert Bovington,2010-06-20 SPANISH VISIONSRobert Bovington is an Englishman living in Spain. He is enthusiastic about his adopted country and its people - so much so, that he has written a number of books including SPANISH IMPRESSIONS. SPANISH VISIONS is a pictorial companion to SPANISH IMPRESSIONS and provides the reader with a photographic impressions of a country that is a dynamic member of modern Europe - a country that until not so long ago was ruled by a military dictator following the ravages of a Civil War.From Almería in sun-kissed Andalucía to Zaragoza in historic Aragón; from ancient Antequera to Vitoria-Gasteiz in the Basque country; the author takes the reader on a tour of Spain. He visits the Alhambra Palace in Granada, Córdoba's Mezquita and the Cathedral at Santiago de Compostela. He explores Spain's diverse natural landscapes - the Picos de Europa, the Sierra Nevada, the Timanfaya National Park in Lanzarote and the vast plains of La Mancha.

My Double Life 2 Nicholas Hagger,2015-06-07 In My Double Life 1 Nicholas Hagger told of his four years' service and

double life as an undercover British intelligence agent during the Cold War (there revealed for the first time). Lost in a dark wood like Dante following his encounters with Gaddafi's Libya and the African liberation movements, he found Reality on a 'Mystic Way' of loss, purgation and illumination, perceived the universe as a unity and had 16 experiences of the metaphysical Light. In My Double Life 2 he continues the story. He received new powers, coped with fresh ordeals, acquired three schools, renovated a historic house, and had 76 further experiences of the metaphysical Light. He founded a new philosophy of Universalism and new approaches to contemporary history, international statecraft and world literature. He produced nearly 1,500 poems, over 300 classical odes, five verse plays, two poetic epics, over a thousand short stories – and 40 books that include innovative literary, historical and philosophical works. His vision of Universalism in seven disciplines is like a rainbow with seven bands overarching seven hills. The Promise John L. Jewell, 2017-01-23 Leslie and his sister, Mary, are gifted teenagers who have just been reunited with their father after more than twelve years apart. Leslie's abilities include a photographic memory, the ability to leave his body and transport himself anywhere, and a knack for reading minds and communicating without talking. Meanwhile, Mary is harboring an enormous secret from everyone but Leslie: she is gifted as well. As Leslie, Mary, and their father work to build their lost relationship through a mutual love of dogs, a villain lurks in the shadows. Sir Alastair Woodford, who illegally appointed himself as Leslie and Mary's guardian when they were little, is now facing several charges that include kidnapping. While Leslie deals with the legal issues surrounding Sir Woodford and his associates, his purpose and morality become

clearer by the day. But what he does not know is that Marys purpose is beginning to unfold as well. The Promise continues the tale of a modest, gifted boy and his equally talented sister as they both learn to use their powers for the good of each other and the world.

Juderías y sinagogas de la Sefarad medieval Eloy Benito Ruano, 2003

The Olive Tree Carol Drinkwater, 2022-10-11 An olive farmer journeys through Spain, Italy, and North Africa to find the future of agriculture in an age of chemicals and climate challenges. Carol Drinkwater's beloved olive farm in the South of France was suffering badly from destructive pests and premature ripening. In a hunt for answers, she decided to set out on her own for a fact-finding tour of Spain, Italy, Morocco, and Algeria. In *The Olive Tree*, Carol recounts not only the agricultural education she gained during her travels, but the dangers she faced as terrorist bombs rocked one of her destinations and a group of beekeepers helped shepherd her through dangerous territory. Through it all, she confronts issues faced by farmers and non-farmers alike in today's world, from climate change to diminishing water reserves to the excessive use of chemicals. Ultimately, she will return to her land in Provence with a new appreciation for the urgency of these problems—and with an ingenious vision for the future shared with her by a brilliant group of olive growers . . . Praise for the Olive Farm series "Vibrant, intoxicating and heartwarming." —Sunday Express "Spellbinding . . . a must for anyone who dreams of moving to a kinder climate and starting a new life." —Choice

Times and Travels Coby Sikkens,2022-12-07 This book consists of 28 annual letters written in the years 1992 - 2020. It started as an apology for not writing Christmas cards and grew out to annual accounts of the authors life which were shared with family and friends. They are written with vivacity and humour and a far cry from the usual round robins which irritate us so much at Christmas time. There is a letter for every year, but the date of their appearance varies from anywhere between

December and May and one even covers two years in one go. The book begins with back ache and ends with Covid and hoping for better times.

Icons of Sound Bissera Pentcheva, 2020-11-23 Icons of Sound: Voice, Architecture, and Imagination in Medieval Art brings together art history and sound studies to offer new perspectives on medieval churches and cathedrals as spaces where the perception of the visual is inherently shaped by sound. The chapters encompass a wide geographic and historical range, from the fifth to the fifteenth century, and from Armenia and Byzantium to Venice, Rome, and Santiago de Compostela. Contributors offer nuanced explorations of the intangible sonic aura produced in these places by the ritual music and harness the use of digital technology to reconstruct historical aural environments. Rooted in a decade-long interdisciplinary research project at Stanford University, Icons of Sound expands our understanding of the inherently intertwined relationship between medieval chant and liturgy, the acoustics of architectural spaces, and their visual aesthetics. Together, the contributors provide insights that are relevant across art history, sound studies, musicology, and medieval studies.
