Exam Essentials: Cambridge First Practice Tests 1 W/O Key + DVD-ROM Charles Osbourne, Helen Chilton, Helen Tiliouine, 2014-01-07 Exam Essentials is our major British English exam preparation series combining exam preparation, practice, and tips for the revised Cambridge English exams. This effective combination of testing and teaching has proved a popular formula with teachers and students. The first two practice tests in each book are 'walk-through' tests. Students are carefully guided through the tests and shown how they work and what they have to do to succeed in each part of the exam. Additional step-by-step support for the Writing paper is offered in all the tests. All of the tests are written by experts in the field, which means that students preparing for the exams experience material that is appropriate for and at a level at least as high as the actual exams. Candidates internationally find the Speaking test very challenging. To help them deal with this, each Practice Test book comes with a DVD-ROM which includes a bespoke video showing a complete Speaking test interview as well as an examiner talking about this part of the exam and giving students expert guidance on how to approach it. The DVD-ROM also features worksheets to use with the interview and all the Listening test files.

Compact First for Schools Student's Book with Answers with CD-ROM Barbara Thomas, Laura Matthews, 2014-09-11 The course is designed to maximise the performance of school-age learners. It features eight units covering the core topics, vocabulary, grammar and skills needed for all four exam papers for the revised Cambridge English: First (FCE) for Schools exam from 2015. Two teen-inspired topics in each unit ensure the entire exam syllabus is covered, and can also act as a basis for CLIL-based extension activities and projects. Grammar sections and a Grammar Reference help students build up the

accurate language structure necessary for the Use of English parts of the new Reading and Use of English paper, while B2-level vocabulary is targeted, drawing on insights from English Profile, and brought together in a Wordlist based on key vocabulary from the units. 'Exam tips', and grammar and vocabulary exercises teach students to avoid common mistakes identified in Cambridge's unique collection of real exam papers, the Cambridge Learner Corpus.--Publisher description.

The Foundations and Versatility of English Language Teaching (ELT) Christoph Haase,Natalia Orlova,Joel Cameron Head,2018-12-14 While the field of ELT studies sees continued horizontal and vertical diversification, it is also time to take stock of what has made the discipline the field it presents itself as today. As horizontal diversification, we can identify trends that involve a continued inclusion of more fields of study into the family of methods and approaches of ELT. Especially in the technical sense, e-learning has matured and new forms of online learning and teaching have emerged, be it via teleconferences or short-message services for vocabulary training. However, a massive extension has occurred within the so-called social media. The vertical dimension affects a depth of analysis not seen even a decade ago, when for example small and relatively simple learner corpora were used for linguistic analysis that rarely went beyond rote frequency counts. The increasing sophistication in these two dimensions is also reflected in the research papers collected in this volume.
