**José Emilio Pacheco** Pol Popovic Karic, Fidel Chávez Pérez, 2006-01-01 Autor de una obra prolífica y variada, José Emilio Pacheco (ciudad de México, 1939) ha ejercido con éxito diversos géneros narrativa, poesía y ensayo si bien en su literatura las fronteras entre ellos no son definitivas. Los trabajos inéditos reunidos en este volumen son una muestra de la multiplicidad de intereses que han guiado su creación literaria, en la cual conviven con la misma fuerza la cultura letrada y la cultura popular.

Mothers, Lovers, and Others Cynthia Schmidt-Cruz, 2004-01-01 Provocative reappraisal of the portrayal of women in Julio Cortázar's short stories.

Reading and Writing the Ambiente Susana Chávez-Silverman, Librada Hernández, 2000 In this dynamic collection of essays, many leading literary scholars trace gay and lesbian themes in Latin American, Hispanic, and U.S. Latino literary and cultural texts. Reading and Writing the Ambiente is consciously ambitious and far-ranging, historically as well as geographically. It includes discussions of texts from as early as the seventeenth century to writings of the late twentieth century. Reading and Writing the Ambiente also underscores the ways in which lesbian and gay self-representation in Hispanic texts differs from representations in Anglo-American texts. The contributors demonstrate that--unlike the emphasis on the individual in Anglo-American sexual identity--Latino, Spanish, and Latin American sexual identity is produced in the surrounding culture and community, in the ambiente. As one of the first collections of its kind, Reading and Writing the

Ambiente is expressive of the next wave of gay Hispanic and Latin scholarship.

**Unraveling the Real** Cynthia Duncan,2010-11-05 Unraveling the Real is a very readable, succinct introduction to the topic of the fantastic and its primary critics. Duncan presents a review of the texts on the fantastic and applies this trace to individual authors and film directors, narrative strategies, psychological processes, and gender issues. Her introduction is effective in establishing the borders and transgressions of the fantastic, and she is not afraid of moving from the literature of and on the fantastic to the questioning of cultural constructs. Her objective to emphasize the analysis of social criticism is an effective approach.--Enrique Sacerio-Gari, Dorothy Nepper Marshall Professor of Hispanic and Hispanic-American Studies, Bryn Mawr College.

*Teoría de la narrativa* José R. Valles Calatrava,2008 Analiza la narrativa literaria, los géneros narrativos, el texto narrativo, los elementos del texto narrativo y las especificidades de la comunicación narrativa, con especial atención a los aportes del ámbito hispánico.

**Literature Class, Berkeley 1980** Julio Cortázar,2017-03-28 A master class from the exhilarating writer Julio Cortázar "I want you to know that I'm not a critic or theorist, which means that in my work I look for solutions as problems arise." So begins the first of eight classes that the great Argentine writer Julio Cortázar delivered at UC Berkeley in 1980. These "classes" are as much reflections on Cortázar's own writing career as they are about literature and the historical moment in which he lived. Covering such topics as "the writer's path" ("while my aesthetic world view made me admire writers like Borges, I was able to open my eyes to the language of street slang, lunfardo...") and "the fantastic" ("unbeknownst to me, the fantastic had become as acceptable, as possible and real, as the fact of eating soup at eight o'clock in the evening"), Literature Class provides the warm and personal experience of sitting in a room with the great author. As Joaquin Marco stated in El Cultural, "exploring this course is to dive into Cortázar designing his own creations.... Essential for anyone reading or studying Cortázar, cronopio or not!"

**If this be Treason** Gregory Rabassa,2005 Gregory Rabassa's influence as a translator is incalculable. His translations of Gabriel Garcia Marquez's One Hundred Years of Solitude and Julio Cortazar's Hopscotch have helped make these some of the

most widely read and respected works in world literature. (Garcia Marquez was known to say that the English translation of One Hundred Years was better than the Spanish original.) In *If This Be Treason: Translation and Its Dyscontents* Rabassa offers a cool-headed and humorous defense of translation, laying out his views on the art of the craft. Anecdotal, and always illuminating, *If This Be Treason* traces Rabassa's career, from his boyhood on a New Hampshire farm, his school days collecting languages, the two-and-a-half years he spent overseas during WWII, his travels, until one day I signed a contract to do my first translation of a long work [Cortazar's *Hopscotch*] for a commercial publisher. Rabassa concludes with his rap sheet, a consideration of the various authors and the over 40 works he has translated. This long-awaited memoir is a joy to read, an instrumental guide to translating, and a look at the life of one of its great practitioners.

Metalepsis in Popular Culture Karin Kukkonen, Sonja Klimek, 2011-05-04 When readers become victims of the murder mysteries they are immersed in, when superheroes embark on a quest to challenge their authors or when the fictional rock band Gorillaz flirt with Madonna during their performance, then metalepsis in popular culture occurs. Metalepsis describes the transgression of the boundary between the fictional world and (a representation of) the real world. This volume establishes a transmedial definition of metalepsis and explores the phenomenon in twelve case studies across media and genres of popular culture: from film, TV series, animated cartoons, graphic novels and popular fiction to pop music, music videos, holographic projections and fan cultures. Narrative studies have considered metalepsis so far largely as a phenomenon of postmodern or avant-garde literature. *Metalepsis in Popular Culture* investigates metalepsis' ties to the popular and traces its transmedial importance through a wealth of examples from the turn of the 20th century to this day. The articles also address larger issues such as readerly immersion, the appeal of complexity in popular culture, or the negotiation of fiction and reality in media, and invite readers to rethink these issues through the prism of metalepsis.
